Skiing Magazine rates Snowmass and Aspen as one of the finest ski resort areas in the United States. Your lift tickets are good for four mountains, totaling 4,900 acres, with 40 lifts serving over 300 trails.

Snowmass, so many runs, so much variety – cruisers, steeps, glades, off-piste, terrain parks and superpipe. Snowmass is the second largest ski area in the country and has the highest vertical rise of 4,406 feet - higher than four Eiffel Towers. Over 95% of accommodation is ski-in/ski-out and it has a quaint pedestrian village. Snowmass also has shuttle access to Aspen's other three ski areas.

ASPEN SNOWMASS™

There's a huge amount of wide-open blue runs through to expert terrain at Snowmass, with a 1343m vertical rise. In November 2007, Snowmass unveiled its new base village (including an \$18.8m Treehouse Kids' Adventure Centre, pubs, restaurants and shops) that will expand through to 2011. Neophytes will love the new beginners' area at the top of the Elk Camp Gondola

There's a reason US sports channel ESPN holds its Winter X Games on Buttermilk every year: it's superb for snowboarders. Buttermilk boasts a 167m superpipe and more than 30 rails. The beginner terrain, which is open and gently undulating, also makes this the perfect resort for new skiers and families.

The NEW eight-person Elk Camp Gondola makes quick work of the distance from the new base village to the top of Elk Camp Meadows in a mere 8.5 minutes. Combined with the new Village Express six-pack and Sky Cab gondola, the lift network at Snowmass promises to whisk you up the mountain almost as fast as you can come down!

Best known for: Wide-open, groomed cruising and family-friendly activities. Snowmass has long been rated one of the best family ski areas in North America.

Best-kept secret: The daily "Noon Groom," a freshly groomed run that reopens at noon.
